

# Join a campaign

Here at Avert, we create campaigns to increase the awareness and understanding of HIV and sexual health, around the world. We believe knowledge is power and think the best way to reduce new infections, tackle stigma and improve the lives of people living with HIV, is to get people talking!

So, take a look at our past and current campaigns and help us get these vital messages about HIV and sexual health out there by sharing them far and wide.

## Young Voices: sex and relationships

Young Voices was co-created with young people in Southern Africa and talks about sex and relationships their way.

## Afraid of HIV testing? #KnowTheScore

Young people from East and Southern Africa tell us about their experiences testing for HIV as part of our #KnowTheScore campaign with Tackle Africa.

## Gay Health: Hornet series

Our exciting collaboration with Hornet brings gay and bisexual men a fresh and up-to-date guide of the latest in sexual health and HIV.

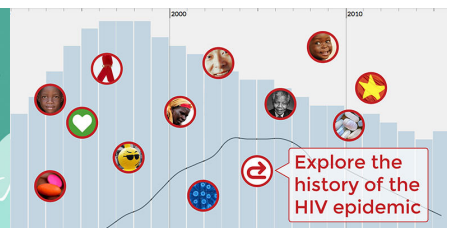

## #KnowTheScore

#KnowTheScore is our campaign to get young men in

## #StandUpToHIV

#StandUpToHIV. Help us empower people to get over

## Avert's 30th anniversary #HIVtimeline

To mark our 30th anniversary we created an interactive

southern Africa testing for HIV. their fears of what happens  
during a test, and what other  
people will think.

---

#HIVtimeline. It's a living  
resource - help us develop it.
