

Support us

At Avert, we believe in a world that is free of HIV. With your involvement, you can help us to deliver HIV and AIDS information online to millions of people around the world, campaign for better responses to the HIV epidemic, and help us support our partners in sub-Saharan Africa.

Whatever donation you can afford will help us to reach as many people as possible. You could also fundraise for us by completing a challenge event. Or share and Tweet our information and stories on [social media](#).

Take a look at some of the other great ways you can get involved and support our work.

[Please donate now](#)

[Ways to give](#)

Every £1 you donate to Avert, helps us achieve our vision of a world free of HIV. Whatever way you choose to support us, a gift of any size will make a real difference.
