Partners and projects

We work with a wide range of partners and are keen to increase our engagement with other organisations sharing similar aims. Take a look below to see some examples of our current partners and projects.

Avert.org provides accessible sexual health information for individuals and resources for professionals.

Our social media channels have been developed as an integrated part of our digital strategy.

Information materials co-created with and for young people in Southern Africa.

Boost - providing accessible and engaging HIV and sexual health content for community health workers across Southern Africa.

Resources on HIV and sexual health designed to be used in game play with young people in Uganda, Kenya, Cameroon, Malawi and Rwanda.

Avert has been working with mobile operating system KaiOS since 2020 to increase access to high quality, accessible sexual health information.
Hornet

Digital support groups

WHO HIV and Hepatitis Department

Avert and Hornet have joined forces to develop a series of targeted information campaigns for gay and bisexual men.

Digital support groups for young people living with HIV in South Africa

From May 2018 to December 2019 Avert supported the WHO HIV and Hepatitis department on its news and newsletter communications.

Past support to community-based organisations

Over more than 15 years Avert supported 20+ organisations across Southern Africa and India.
