In our Young Voices videos you'll meet characters facing dilemmas around sex and relationships - the same kinds of situations that may affect you, your friends, or your peers.

Whether it’s dating older people, an unhealthy relationship, having sex without a condom, being able to say no to sex, contraception options, sharing an HIV status, or sexual consent - these are big decisions.

Through our characters’ stories you can get key information about each topic, think about their situations, and create a comic where YOU decide how their stories end.

**When your boyfriend wants to stop using condoms**  
Mutale’s boyfriend wants them to stop using condoms, but Mutale feels a bit confused. What do you think she should do?

**Do you always have to say yes to sex with your partner?**  
Mwila wants to have sex with his girlfriend, but his girlfriend is not in the mood. What do you think Mwila should do?

**Sex without a condom**  
Spijo got carried away and forgot the condom. What should he do next?

**Unhealthy relationships**  
Martha’s boyfriend is getting.

**Dating older people**  
Mwaise is thinking about dating.

**Options for contraception**  
Babalwa has some decisions to...
controlling. What should she do about it?

Should Lineo tell her new boyfriend about her HIV status? What would you do?

Talking about HIV

How to say no

Chipo’s boyfriend is pressuring her to have sex and she needs some advice.

How to use Young Voices

Do you work with young people and young groups? Find out more about how you can use Young Voices.

Evaluating Young Voices

Used Young Voices? Tell us about it and help us reach more young people with the information they need!

Comic creator

End the stories your way. Get creative and make a comic that you can share with your friends.
Take a look at some of our favourite comics submitted on the theme of sex and relationships.

About the Young Voices Africa co-creation project

Our Young Voices Africa project started in October 2017 when we brought together a group of young people from across Southern Africa for a week-long workshop.

Find out more about what happens next.
