In our Young Voices videos you'll meet characters facing dilemmas around sex and relationships – the same kinds of situations that may affect you, your friends, or your peers.

Whether it’s dating older people, an unhealthy relationship, having sex without a condom, being able to say no to sex, contraception options, sharing an HIV status, or sexual consent – these are big decisions.

Through our characters’ stories you can get key information about each topic, think about their situations, and create a comic where YOU decide how their stories end.

When your boyfriend wants to stop using condoms

Mutale’s boyfriend wants them to stop using condoms, but Mutale feels a bit confused. What do you think she should do?

Do you always have to say yes to sex with your partner?

Mwila wants to have sex with his girlfriend, but his girlfriend is not in the mood. What do you think Mwila should do?

Sex without a condom

About the Young Voices Africa co-creation project

Our Young Voices Africa project started in October 2017 when we brought together a group of young people from across Southern Africa for a week-long workshop.
