The [COVID-19 coronavirus South African resource portal](#) provides information, guidance and resources from the South African government

Tracking and surveillance

An [interactive web-based dashboard](#) hosted by the Center for Systems Science and Engineering (CSSE) at Johns Hopkins University, to visualise and track reported cases in real-time.

HELP US HELP OTHERS

Avert.org is helping to prevent the spread of HIV and improve sexual health by giving people trusted, up-to date information.

We provide all this for FREE, but it takes time and money to keep Avert.org going.

[Can you support us and protect our future?](#)

Every contribution helps, no matter how small.

[PLEASE DONATE NOW](#)
